

A lost world where you can find yourself anew.

The backwaters, the beach and the sea. Unspoilt.

An aerial photograph of a tropical island resort. The island is covered in dense green palm trees. A long, narrow strip of land with a row of red-roofed buildings extends into a body of water. The water is a vibrant green, and a sandy beach is visible in the distance. A small boat is in the water, and a plane is flying in the sky.

ISLAND RESORT
Out of this world

A place so perfect. It's so easy to arrive
Yet so hard to leave behind.

Floating Cottages

Premium Land Cottage :
Travel light, when you have a lot to take
back home...

Superior Land Cottage :
Memories. Experiences. And who knows,
a brand new you.

Isn't life weird? When there are so many things to do, you usually end up doing nothing at all. And enjoying it.

A magical island of whispering palms,
set on the shimmering emerald green backwaters
and facing out to the deep blue sea is expecting you.

So where are you?

When nature puts on her grandest show,
we simply provide the best seats in the house.

They say one has to change with the times. But we haven't changed a bit for the last 6000 years with our healing mantras. And we're mighty proud of it.
